

Ahmad Mohammad Alhwari

Computer Information Systems Graduate | Aspiring Full Stack Developer

Zarqa, Jordan | +962 78 043 5688 | ahmadalhwari0@gmail.com

SUMMARY

Recent Computer Information Systems graduate from Hashemite University (2025), seeking to start my career through a Full Stack Development training program or internship. I have completed coursework and practical training in web and database development, building a solid technical foundation in HTML, CSS, Tailwind CSS, JavaScript, jQuery, AJAX, SQL Server, C#. I am eager to apply my technical knowledge in a real-world development environment, strengthen my skills through hands-on experience, and contribute effectively as part of a development team.

WORK EXPERIENCE

Computer Teacher — Ministry of Education 08/2026 – Present

- Teach computer science curriculum across high school grade levels, covering programming fundamentals and core computing concepts
- Prepare lesson plans, presentations, and hands-on programming exercises to support student learning
- Apply strong communication skills to explain technical concepts clearly to students with varying skill levels

Match Organizer — Jordanian Football Association 2024 – 2025

- Organized and coordinated football matches over a year and a half, managing logistics and scheduling
- Liaised with teams, officials, and staff to ensure matches ran smoothly and on schedule
- Handled on-the-ground problem-solving and coordination under time pressure

Order Coordinator & Cashier — Fooders Hub – Chickels 2021 – 2023

- Acted as first point of contact for customer issues, resolving concerns efficiently and professionally
- Identified recurring delays in the order handling process and adjusted daily workflow to reduce bottlenecks
- Coordinated order flow with delivery drivers to ensure on-time fulfillment
- Handled cash transactions and daily reconciliations with high accuracy
- Supported day-to-day operational tasks to keep service consistent during high-demand periods

Restaurant Manager & Cashier — Seekh w Saaj 2018 – 2020

- Managed daily operations and coordinated a small team to maintain smooth, consistent service
- Improved the order handling process, measurably reducing delays during peak hours
- Maintained accurate financial transactions and reporting for daily operations
- Built strong communication habits with staff and customers to sustain a high level of service quality

EDUCATION

Bachelor's Degree, Computer Information Systems — Hashemite University 2020 – 2025

TECHNICAL SKILLS

- **Web Development:** HTML, CSS, JavaScript, Tailwind CSS, jQuery, AJAX
- **Programming:** C#, Object-Oriented Programming (OOP)
- **Databases:** SQL, SQL Server
- **Currently Learning:** Entity Framework Core, LINQ, ASP.NET Core
- **Tools & Version Control:** Git, GitHub, Microsoft Excel, Google Sheets
- **Additional Skills:** Quick learner with the ability to adapt to new dashboards, CRM tools, and operational systems

LANGUAGES

- Arabic — Native
- English — Intermediate (actively improving)
